Without Light Kit (LK8)

Crushed Glass requirement for DVLL48 without light kit:

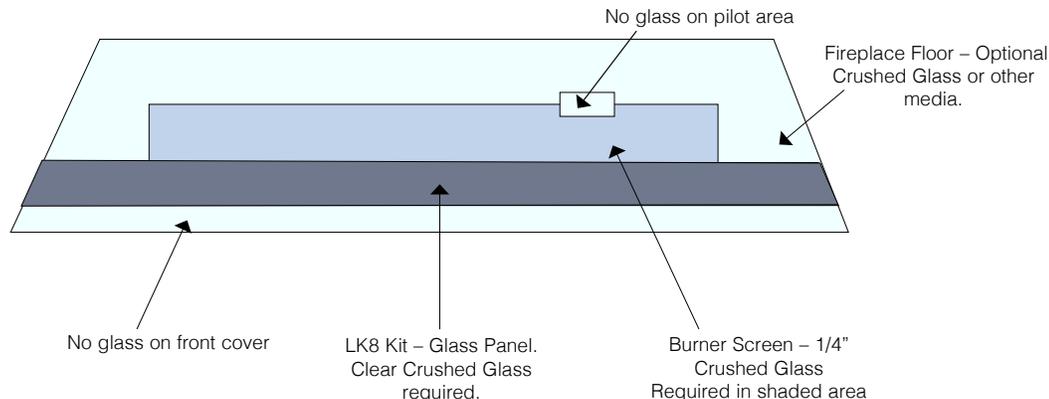

Use one package of crushed glass, in any color, to create a single layer on the burner screen. If desired, cover the remainder of the fireplace floor with an additional two square feet of crushed glass or other decorative media.

With Light Kit (LK8)

Crushed Glass requirement for DVLL48 with Light Kit installed:

Cover the burner screen, glass panel and fireplace floor with approximately three square feet of transparent crushed glass – such as Clear Frost, Copper Reflective, or Bronze Reflective. Maintain a single layer on the burner screen. If desired, add color crushed glass or other decorative media highlights to areas outside the burner screen.

Boulevard Direct-Vent Linear Contemporary Fireplace
